---	---	--

Important things to note:

- Medicines ordered over the internet require a New Zealand-issued prescription from your doctor. You can import a maximum of 3-months' supply.
- The safety and quality of medicines ordered from outside New Zealand cannot be guaranteed, however tests at a London clinic of PrEP purchased from overseas websites found no fakes, and adequate drug levels (refer aidsmap article)
- If you have a New Zealand Community Services Card, you may be eligible for free PrEP from Green Cross Pharmacy. To apply, head to endinghiv.org.nz/prep. For every 10 paid orders placed with Green Cross Pharmacy, they will provide free product to one person with a Community Services Card.
